OBJECTIVE

A sincere and hard-working individual looking for a responsible position to gain practical work experience with a considerable improvement to the organization and my career growth.

EDUCATION

Bachelor of Information Technology
Vidya Jyothi Institute of Technology, Hyderabad   2021 – 2025
    CGPA: 7.5

Intermediate (Class 11–12)
Alphores Junior College, Jagtial   2019 – 2021
    Percentage: 58.8%

High School (Class – X)
Chandra Grammar High School, Jagtial   2018 – 2019
    GPA: 8.8

TECHNICAL SKILLS

Programming Languages: C, Java
Web Development: HTML, CSS
Database Technologies: MySQL

SOFT SKILLS

Time Management, Teamwork, Communication, Problem Solving, Leadership, Accountability

PROJECTS

1. Plant Disease Detection and Classification Using Deep Learning

January 2025 - April 2025

DOMAIN: Deep Learning, Computer Vision, Artificial Intelligence, Agri Tech

- Developed a robust CNN-based deep learning model on the Plant Village dataset to classify plant leaf diseases with ~98% accuracy using deep learning frameworks.
- Applied advanced image preprocessing and augmentation techniques to enhance model performance and generalization.
- Deployed a Stream lit web app for real-time disease prediction from uploaded leaf images, enabling seamless and intuitive user interaction..

2. Car Damage Detection and Cost Estimation

July 2024 - December 2024

DOMAIN: Computer Vision | Deep Learning | Web App Development

- Built a stream lit web app using Python, computer vision, and deep learning to detect vehicle damage from images.
- Achieved 35% improved accuracy in real-time damage detection and repair cost estimation, with visual damage highlighting.
- Designed a clean, user-friendly interface for fast and accessible vehicle damage assessment

INTERNSHIPS

Skill Craft Technology: Data Science   **October 2024 - November 2024**

➢ Analyzed traffic accident data to identify patterns related to road conditions, weather, and time of day.

➢ Visualized accident hotspots and contributing factors to support data-driven decision making.

Cod Soft: Java Programming   **August 2024 - September 2024**

➢ Created a personal portfolio using HTML, showcasing web development skills and attention to design.

➢ Gained experience in front-end development, focusing on layout, structure, and user experience.

CERTIFICATIONS

Data Analytics and Visualization Job Simulation

Accenture (via Forage)   2024

Salesforce Developer Virtual Internship

Smart intern (in partnership with Salesforce & AICTE)   2024

Python 3.4.3 Training

Spoken Tutorial Project, IIT Bombay   2023

Programming Essentials in C

Cisco Networking Academy   2022

DECLARATION

I hereby declare that all above-mentioned information is in accordance with fact or truth up to my knowledge and I bear the responsibilities for the correctness of the mentioned particulars.
